FLAVOR FRAGRANCE
ELSO

flavor

Liquid and powder flavors produced by Elso Kimya are used in beverage, confectionery, dairy, bakery, salty snacks, tobacco products, animal feeds, medicine and oral care groups.

Elso Kimya considers its customers as partners and helps them in finding the best flavor formulations that comply with quality standards by closely controlling all stages of the manufacturing process, from the procurement of raw materials to expedition of its finished products to end users.

Elso Kimya has based its success on experience and worldwide cooperation.

Elso Kimya was founded in 1949 and it started to produce essential oils, cosmetics and industrial fragrances as well as powder and liquid flavors in 1967.

Elso Kimya's satisfaction guarantee comes together with innovation, superior quality and a friendly approach philosophy.

Focus on customer satisfaction across all departments, especially in R & D, quality control and sales/marketing is key to Elso Kimya's success.

Every stage of production is under strict supervision

Elso Kimya manufactures cosmetics and industrial fragrances as well as liquid and powder flavors in its facilities in accordance with Good Manufacturing Practice (GMP) methods. The company holds ISO EN 9001, ISO EN 22000, GMP, Halal, IFRA and REACH certifications.

Highly sensitive analyses are performed on incoming raw materials to ensure that they comply with required International standards and the certificates of analyses provided with each incoming lot.

Elso Kimya is equipped with highly modern and sophisticated technology supported by experienced and trained engineers for the production of fragrance and flavor. The results are recorded electronically and kept for referral in case of any inquiries. Applications of fragrance and flavor for finished products are performed in the company's application laboratories according to client requests.

Els Kimya provides the global markets with flavors and fragrances that are specifically tailored for the local tastes and in line with European norms while making use of existing patented innovations. The company has been servicing many of its clients for over half a century thanks to its high productivity, quality and competitive pricing structure.

creator and executer of flavor innovations

Els Kimya continuously follows innovations throughout the world and assists in new product development and reformulation of existing lines for its customers by combining the information and experience transferred from hundreds of R & D workers in more than twenty countries.
