# fragrance

**Today, fragrance is one of the most important factors when end users decide which product to purchase.**

**Consumers tend to purchase a product only if they like the way the product smells.**

**Consequently, Elso Kimya pays high attention to ensure that fragrances are manufactured using state of the art technology coupled with optimal formulations.**

**Elso Kimya has established a long lasting customer / partner base composed of domestic and international companies due to the quality of service it provides along with its experience, reliability and competitive pricing in the domain of fragrances and flavors.**

**Elso Kimya has based its success on experience and worldwide cooperation.**

Elso Kimya was founded in 1949 and it started to produce essential oils, cosmetics and industrial fragrances as well as powder and liquid flavors in 1967.

**Elso Kimya's satisfaction guarantee comes together with innovation, superior quality and a friendly approach philosophy.**

Focus on customer satisfaction across all departments, especially in R & D, quality control and sales/marketing is key to Elso Kimya's success.

## **Every stage of production is under strict supervision**

Elso Kimya manufactures cosmetics and industrial fragrances as well as liquid and powder flavors in its facilities in accordance with Good Manufacturing Practice (GMP) methods. The company holds ISO EN 9001, ISO EN 22000, GMP, Halal, IFRA and REACH certifications.

Highly sensitive analyses are performed on incoming raw materials to ensure that they comply with required International standards and the certificates of analyses provided with each incoming lot.

Elso Kimya is equipped with highly modern and sophisticated technology supported by experienced and trained engineers for the production of fragrance and flavor. The results are recorded electronically and kept for referral in case of any inquiries. Applications of fragrance and flavor for finished products are performed in the company's application laboratories according to client requests.
